TIMETABLE

This timetable is still subject to change.

Competitions with specific finish times means competitors must have competed before this time. Where specific report times are given, this is to allow time for a draw to be made before the competitor starts. Where there is no report time competitors should still give themselves plenty of time to check-in before the competition is due to start. Some venues may change depending on the weather!

The timetable does not allow members to take part in both the Cookery and Floral Art competitions.

Members are only permitted to take part in one Stock Judging in Section One.
